

Our Emails Have Been Transformed!

This month, we are updating our email addresses to better align with our website and broader brand identity. Our new domain, @sheppardhouse.co.uk, reflects this change. Generally speaking, the part of the email before the "@" remains the same; only the domain has been updated. This transition is now effective, and we encourage you to use the @sheppardhouse.co.uk domain for all future communications.

We will maintain our old email domain for 12 months to ensure a smooth transition during updates. If you have questions or need assistance, please reach out to us via our websites contact us page. Thank you for your understanding and support.

Harvest time

We can't wait to welcome the Autumn season with our patrons. The week commencing on the 12th of October, we'll be celebrating harvest time at Sheppard House. As always we'll have lots of activities throughout the week for our clients including creating our annual harvest table.

On Wednesday REV Simon Mason will be conducting a service for our day centre clients to give thanks for the season's abundance and a chance to reflect on times gone by
